Cosmic CRF Limited

Business Update

17th September 2025: Cosmic CRF Limited a leading manufacturer of railway components and infrastructure solutions, proudly announces key strategic development as part of its ongoing growth strategy.

Strategic Greenfield Project for New Forging Facility

On 16th September 2025, M/s. Cosmic Springs & Engineers Limited (CSEL), subsidiary company of M/s. Cosmic CRF Limited **received physical possession** of a freehold industrial land parcel, which will host a greenfield project for a state-of-the-art forging facility. Below are its key highlights:

Key Highlights:

S. No.	Particulars	Details
1.	Land Area	Admeasuring approximately 0.82 acres
2.	Purpose	The facility is designed for manufacturing forging components aimed at meeting the increasing demand for precision-engineered components in railway wagons, defence, and industrial applications.
3.	Installed Capacity	Proposed installed capacity of around 11,000 TPA
4.	Production Timeline	Machinery orders are underway, with production expected to commence within six months .
5.	Product Portfolio	High-quality iron and steel products including Yoke Pin Support, Back-stop, End Piece (Right & Left), Strut, Lock Lift Lever Hook, Universal Lock Lift Lever Connector, Toggle, Knuckle Thrower, Lock and other components related to railways and defence use.
6.	Strategic Importance	This expansion reinforces Cosmic CRF's position as a comprehensive solutions provider for Indian Railways, wagon manufacturers, defence, and infrastructure stakeholders. The facility enhances the Company's ability to deliver high-quality, innovative components, supports cross-selling opportunities, and broadens market reach into new segments.

The acquisition aligns with Cosmic CRF's vision to become India's largest railway components solutions provider. Recent integrations of **M/s. N.S. Engineering Projects Pvt. Ltd.** and **M/s. Cosmic Springs & Engineers Ltd.** have bolstered the company's capabilities in galvanization, high-mast poles, springs, and forging. Combined with the existing portfolio of Cold Rolled Form (CRF) products, sheet piles, and railway components, these strategic moves will enhance operational synergies and market competitiveness.

Outlook:

Looking ahead, Cosmic CRF anticipates robust growth driven by these expansions reflecting its continued focus on capacity addition and expanding its presence in key markets to cater to the increasing demand of Railway, Infrastructure & Defence Clients. The increasing expansion highlights the company's ongoing efforts to enhance its product portfolio and deepen customer relationships.

The Company continues to emphasize on operational excellence, product innovation, and long-term value creation for all stakeholders.

Commenting on the update, Mr. Aditya Vikram Birla, Chairman & Managing Director, said :

"This strategic greenfield project enhances our forging capabilities, enabling us to meet the rising demand in railway, defence, and industrial applications. Our strong market presence in Eastern India, paired with our commitment to innovation and customer satisfaction, continues to drive our success.

Looking ahead, Cosmic CRF is focused on sustaining this momentum, optimizing operational efficiencies, and delivering long-term value to our stakeholders."

About the Company

Cosmic CRF Limited, Incorporated in 2021, is a leading manufacturer of Cold Rolled Form (CRF) Sections, Sheet Piles, and Railway Components for railway wagon manufacturing for major Railway wagons manufacturers including Indian Railways. The Company offers Customized Engineering Solutions with wide applications in Irrigation, Building, Automotive, Railway Wagons, Infrastructure and Other allied Industries. Operating advanced manufacturing facilities from its Unit at Singur, District-Hooghly in West Bengal. Cosmic CRF Limited is committed to quality and industry standards. The Company along with its subsidiary companies boasts a total installed capacity of 1,24,400 MTPA and an extensive product portfolio.
